WILSON'S POLICY UPHELD BY HOUSE

Decisive Vote of 274 Ayes to 161 Noes, After Tense Debate.

CLARK INEFFECTIVE.

Democrats Loyal to Administration 220, but 52 Fail in Allegiance to The Executive.

Washington, April 1.—The House of Representatives last night, after one of the most spectacular legislative struggles in the history of the nation, voted to repeal the provision of the Panama Canal act exempting American vessels from the payment of tolls. The vote on the repeal bill was 247 to 161, a majority of 36 votes in support of the personal plea of Woodrow Wilson, President of the United States.

The verdict on the issue which has absorbed Congress for many weeks came at the close of a stirring day, made memorable in the annals of the House by a party division which found Speaker Champ Clark, Majority Leader Underwood and other Democratic chieftains lined up in open opposition to the President on an issue which the latter had declared vital to his conduct of the nation's foreign policy.

Yesterday's result was a victory for the administration in but the opening stage of the first struggle within the party since Democracy took control of the government a year ago. The bill goes to the senate today where the fight will be renewed with all of the vigor and determination that attended it in the lower house.

On the final vote 220 Democrats in the House stood by the President, giving him in "ungrudging measure" what he had asked "for the honor of the nation" in its foreign relations. Twenty-five Republicans and two Progressives also voted to sustain the President.

Fifty-two Democrats followed Speaker Clark and Leader Underwood to defeat in their steadfast determination that the President was wrong in his decision that toll exemptions for American ships is a violation of the Hay-Pauncefote treaty with Great Britain.

Nothing, it seemed, could stem the tide of Administration success. Speaker Clark, for nearly 22 years a member of the House, made the speech of his life to forestall what he termed "unquestionable degredation" of the nation. In this he failed, but he did smooth over the party breech with kindly words for his adversaries, praise for President Wilson, and an unqualified denial of any vaulting ambition on his own behalf. When he had closed the debate for the opposition to the repeal with an impassioned argument in which he often departed from his prepared speech, the Speaker was triumphant in defeat, for the entire legislative assemblage, in which were many Senators, arose en mass to cheer him.

President Wilson was at dinner when the result of the vote was announced. He was gratified but made no comment.

In the Senate the bill will be referred to the Committee on Interoceanic Canals, of which Senator O'Gorman, of New York, a vigorous opponent of the measure, is chairman Senator O'Gorman has said he would call a meeting of the committee at once to consider the bill. That there will be a fight in that committee is certain. How long it will be there cannot be predicted, but administration Senators propose that a vote shall be taken by the committee within a reasonable time. Senator Owen is leading the fight for the President there.

The committee will have many proposals before it, several of them in the nature of compromises, some of them resembling a motion of the House minority to recommit the repeal bill and to repeal the exemption clause with a declaration that the United States could have complete sovereignty over the canal. This motion in the House was defeated by a vote of 323 to 176. It will be the aim of the administration senators to have the repeal reach its final vote within two or three weeks.

TOM THUMB WEDDING.

Enjoyable Entertainment Given Last Evening in Westminster Building.

One of the most novel and interesting entertainments seen in Alexandria recently, was the "Tom Thumb Wedding" which was presented in the Westminster Building last evening by over fifty Washington children from the First M. P. Church Sunday school assisted by members of Trinity M. E. Church Sunday school.

From the entrance of the distinguished guests just before the marriage ceremony, through the entire wedding and reception and until the fall of the final curtain when the bride and groom left for their honeymoon trip, the interest of the large audience was manifested by hearty applause. As can be seen by the program, no detail was omitted in the bridal party and a prettier wedding could not have been arranged in the most fashionable circles. The participants in the incidental program acquitted themselves in a most creditable manner and each number given during the reception was well received.

The entertainment was given for the benefit of the Westminster Building Fund. The program follows:

WIN FROM WESTERN.

Opener Played Between Alexandria And Western High Schools.

Yesterday witnessed the first baseball game of the season in Alexandria, when the Alexandria High School team lined up against Western High's nine from Washington at the baseball park. Despite the uncertainty of the weather, the game opened up at 4:15, when the A. H. S. took the field. The first Western pitcher, Griffith, was knocked out of the box in the first, after passing three men. The next pitcher to face Alexandria was Ewing, who lasted until the eighth,, when he was relieved by Adams. Western got four runs in the first four innings, and Alexandria five. Dark came on soon, owing to the cloudy condition of the skies, but the game was finished after each team had secured three more runs a piece. The final score was 8 to 7 in Alexandria's favor. The Western pitchers were very wild, while Raison pitched very well for only the first game of the season. Raison's pitching and the hitting of Stearns for Western featured the game.

Alexandria has had no previous practice on the field, and the showing made by them yesterday was, therefore, very creditable.

TRANSITION AT THE CANAL ZONE

Civil Government Supersedes Military Rule on Seven-Mile Strip.

CANAL READY JULY 1.

President Real Ruler of Panama From Ocean to Ocean—Goethals, as Governor, Will Have Certain Power

Washington, April 1.—The Panama canal entered upon another phrase of progress today when civil government was established on Uncle Sam's seven-mile strip from ocean to ocean. Colonel George W. Goethals, who as chief engineer during construction of the big ditch has been autocrat of its administration is to be civil governor. Ever since the United States undertook building the zone, it has been technically under military rule. A commission form of government had actual administration authority, but practically all the commissioners were military officers. Colonel Goethals has been supreme authority. During the building of the canal it has often been said that Goethals' administration was required if an employe wanted to requisition a pencil.

The Panama Canal law, approved August 24, 1912, makes the President the real ruler of Panama, through a governor and such other persons as he may elect. The President has told Goethals that he is to have a free hand in his administration, which is said to mean that the civil governor will have nearly 2,500 jobs at his disposal. There is no civil service on the canal either.

In his new job Goethals' foremost duty is to make the canal ready for use. He was given the place because it has been his ambition when the canal was completed and the engineering and construction forces had done their work, that he might actually have some hand in the starting of commerce through the waterways. Of course the task of rearranging the administration in the Zone is an enormous one, but that of drilling the canal employes in their work and of making the canal a success will from start to finish be greater.

On his recent visit here the Colonel made it plain that he intends to go slowly in rearranging the Zone's government. By law, all executive orders and regulations will be continued in force after today, so that the switch from a commission to a one-man government will be accimplished with no apparent wrench. Speculation was rife here today as to whether Goethals plans to continue the semi-socialistic paternalistic scheme of caring for canal employes under the new government. Heretofore the employe was furnished by the government with a residence; he was sold food supplies at cost, given free medical attendance and free schools, while every effort was made to encourage establishment of churches and the erection of buildings. Needless to say, there were no taxes at all.

Goethals thinks the canal will be in running order by July 1—that is, it will be constructively complete. But the chief engineer wants his operating force, the men who handle the giant locks, the towing locomotives and other delicate machinery to be thoroughly drilled in their respective jobs before the canal is thrown open to the commerce of the world. That may take several months.

T. H. BIGGER APPOINTED.

Assistant Secretary of Military Records to Succeed Burnley.

Richmond, Va., April 1.—Thomas H. Bigger was appointed by Governor Stuart yesterday assistant secretary of Confederate Military Records for a term of two years at a salary of $1,800. He will succeed W. Sam Burnley, who has held the office for the past two terms.

Under the terms of the general appropriation bill recently adopted, the salary of this position was advanced from $1,500 to $1,800. The office was continued by that act as a branch of the Adjutant-General's office. While not officially announced, it is understood that Colonel Joseph V. Bigger secretary of Confederate Military Records, will be re-appointed today.

Mr. Bigger is a son of the late Colonel John Bell Bigger, for many years clerk of the House of delegates. He has been connected with the State Government in several capacities.

Under the act of 1910 it is the duty of the office of Confederate Military Records to transcribe and record in permanent volumes the names of sailors, soldiers, and marines and all muster-rolls and other matter showings the officers and enlisted men of the several companies, battalions, regiments and other military organizations from Virginia in the military, naval and marine service of the Confederate States, whether regulars, volunteers, militia, reserves, home guars, or local militia.

TORREON STILL DEFIES REBELS

Huge Column of Federals Causing General Villa Apprehension.

PREMATURE REPORTS.

Occupation of Besieged City May be Seriously Hampered if Huerta's Relief Corps is Not Stopped.

Juarez, Mexico, April 1.—That the occupation of Torreon by the Mexican constitutionalist troops, under Gen. Francisco Villa, is being seriously menaced, was the word brought here today in unofficial dispatches from Torreon to Gen. Venustiano Carranza and other chiefs of the revolution.

Advancing on the city from the east is a column of federals said to be numerous, by whom commanded it is not known.

To intercept and disperse this force Villa today sent his Morelos brigade, commanded by Gen. Tomas Urbina and Gen. Malclovios Herrar's Zacatecas brigade numbering in all 3,600 men. Urbina set out for San Pedro and Herrara for Peras.

It is supposed that the Federal reinforcements are those ordered from Saltillo and Monterey recently by General Huerta, under command of General De Moure.

Although General Villa late yesterday afternoon telegraphed rebel officers here that "Torreon has fallen," and this his troops were in possession of the city not another word has come from him.

Some rebel officers express the opinion that Villa's announcement may have been premature, and that the assistance of Gen. Refugio Velasco's federal garrison has not yet been entirely overcome. No doubts, however, that the constitutionalists control will be complete very soon.

There is a feeling among rebels here that the Torreon battle will constitute the principal fighting of the whole Mexican revolution and that when Villa has swept the country about that city of federals, his march to the south will not be seriously opposed until he approaches close to Mexico City itself.

FURLOUGH ORDERS.

Cutting Expenses in Bureau of Engraving and Printing.

Furlough orders affecting 3,100 of the 4,100 employes of the Bureau of Engraving and Printing in Washington and resulting in a loss in wages of $125,600, have been issued by Director Joseph E. Ralph, and will become effective today, April 1.

This curtailment of expenses is a part of the retrenchment policy. Mr. Ralph's order is predicated upon the refusal of Congress to incorporate in the pending urgency deficiency bill the $427,725 appropriation, which the director had asked to carry on the work which he had mapped out for the remainder of the fiscal year. Instead the House has met his request to $285,150, making curtailment necessary to meet the deficiency.

The furlough order will effect 769 plate printers and engravers, who are to be laid off for seventeen days between now and July 1; 867 printers' assistants, who will lose fifteen days, and 1,475 per diem employes, engaged upon miscellaneous work, who are to be deprived of employment for eight days.

Negro Gets Seven Years

Staunton, Va, April 1.— William Miller, colored, was given seven years in the penitentiary by a jury in the Corporation Court here last night after a two days' trial on the charge of criminally assaulting a white woman named Lizzie Desper, a more or less notorious character. The crime was committed on the night of December 16th, an hour or so aftr the result of the wet and dry election result was announced. Miller, who is married, was drunk, and while going to his home through a section of the city which was poorly lighted he met the Desper woman, the negro dragged her down the hill and on Greenville avenue car tracks ,a thoroughfare much traveled. A party of men coming up frightened him and he fled. Miller was arrested within twenty minutes from the woman's description, though she had never seen him before.

Late yesterday afternoon he entered a store, asking for one of the employees. He was told to take the elevator to the floor where his man was working. About an hour later the employee came down stairs asking for Mr. Thomas. About the same time another employee in the basement, hearing groans found Mr. Thomas lying unconscious at the bottom of the elevator shaft.

HOME RULE BILL QUIETLY DEBATED

British House of Commons Adopts Conciliatory Tone in Discussion.

HOPES ARE INSPIRED.

Stormy Sessions Expected if Lloyd-George Makes His Appearance in Near Future.

London, April 1.—calm followed the tumultous passions of the last few days' debate in the House of Commons and in the discussion of home rule was renewed yesterday in an atmosphere of conciliation. A moderate speech by Sir Edward Grey, the foreign secretary, and acting government leader in House during the absence of Premier Asquith, and another along the same lines by Arthur Ponsonby, Liberal member from Stirling Burghs, had a marked tranquilizing effect.

The talk in the lobbies of the House tonight was that a settlement of the Ulster question by consent was appreciably nearer, but such talk has been heard before. The debate will be continued tomorrow, and, if, as is asserted, Mr. Lloyd George is present, today's quietitude may not last. The division on the second reading of the bill has been fixed for April 6th.

The Unionists have not yet decided whether they will name a candidate to oppose Premier Asquith in election at East Fife. The local Unionist council will meet on Thursday and decide whether or not Colonel Sprot, who has opposed Mr. Asquith on several previous occasions, will again be a candidate, if it should be decided to make a fight.

A diversion has been caused by the notorious Jim Larkin, the leader of the Dublin Transport Worker's strike, who made a failure "to wave the fiery cross" when he visited England butting in on the elections. When his intention of contesting East Fife with Premier Asquith was first reported, many persons regarded it as a joke, but it seems to be a fact that Larkin is going to run, although as yet he has issued no statement. He will not get the support of the official labor party, but the Socialists profess to believe that he will draw considerable number of votes from Mr Asquith. If so, this may affect Premier Asquith's chances of election in the event of the unionists making a fight for the seat.

CRIPPLE ENDS LIFE.

Walter Batty Swallows Drug and Dies in Roanoke Hospital.

Roanoke, Va., April 1—Walter Batty, a cripple, 30 years old, committed suicide Monday night by swallowing poison. He took the drug about 8:30 o'clock and died at the Shenandoah hospital at 12:45 this morning. It is believed he was despondent because he was a cripple. It is understood he had been brooding throughout Sunday, and did say he thought he was a burden to his folks. He kissed his mother and left the house after supper and went to the house of a neighbor, where he swallowed the poison. Mrs. Price was in a room close by, and hearing groans went in and found Batty lying on the floor in convulsions. Dr. J. G. Davis was summoned and the dying man was sent to the hospital.

Walter Batty used crutches and had not been able to work since he suffered a stroke of paralysis in his legs some time ago. About a year ago he tried to end his life by slashing his throat with a razor. Since that time he has made threats to end his life.

In the matter of shape, the whole world seems to have been scoured for ideas from the style of L'Incroyables of the latter part of the 18th century to the early '80's of the 19th century.

SEEKING REDUCED RATES.

Members of Virginia Highlands Citizens' Association Complain.

Testimony that excessive commutation rates on the Washington- and Va. Railway between Washington Addison and Virginia Highlands retarded development of latter places was given by members of the Virginia Highlands Citizens' Association at an Interstate Commerce Commission hearing before Examiner A. B. Pugh, in Washington yesterday.

Witnesses said that the rate for the three and a half miles between the two Virginia stations and the depot in Washington is 2 cents a mile, while no other commutation rates to points outside of Washington exceed 1 cent a mile.

The rate to Addison and Virginia Highlands was shown to be 10 cents for a straight ticket, 15 cents for a round trip, and $1.80 for a commutation ticket of twenty-five single fares. The petitioners sough a reduction in the commutation ticket, which they declare was only three-tenths of a cent cheaper on the round-trip than the ordinary round-trip fare and gave the commuters no advantage over the transient traveler. They also admitted that no transfers were given, and that the same fares were charged from the end of the Long Bridge as from the Twelfth street station.

John Hahn, Jr., president of the Virginia Highlands Citizens' Association said he obtained property in Virginia Highlands under the impression that the rate would be reduced when the community was built up. Louis J. Benton, secretary of the association, declared that at least 400 persons who make daily trips to Washington use the two stations daily. M. D. Merrill, president of the company which developed the community, declared that R. W. King, manager of the railroad company, had promised to take up the question of lower fares with him when the community had grown to thirty-six families.

Some ways of life

Sometimes I sit and rest awhile amid life's care and trouble,
And think some thoughts as light as air and blow the pretty bubble.
I can't indulge expensive tastes or live beyond my station,
But I can go the limit in my imagination.
And thus I lighten burdens and smooth wrinkles out of care,
If I cannot build a castle real I build one in the air.
But here's a real experience I want to tell about,
It's those well-fitting, nobby suits that I am turning out.
Yes, the Suit is the real thing, so come to me and be measured.

Sunday School Representatives Hold Meeting Last Night in Parish Hall

Representatives of the various Sunday schools of Alexandria held a meeting last night in Christ Church Parish Hall. The attendance was encouraging. J. F. Myers, of the M. E. Church South Sunday School, President of the Sunday School Association of this city, presided, and John W. Herndon, of Christ Church Sunday School, acted as secretary.

Reports were received from the dierent Sunday Schools in which representatives were named for the various committees.

There will be committees on music, decorations, tableaux, publicity and finance, the members to be from among the members of the Sunday schools of the city.

It is said the day on which the grand pageant will be given will be the day following the close of the white schools of the city—the third week in June.

A committee consisting of C. C. Leadbeater, H. B. Caton, S. W. Pitts and J. H. Trimyer, will decide on the hour. It is thought the pageant will take place between 5 and 6:30 o'clock in the afternoon.

After the pageant, which will be accompanied by a band, those participating will repair to Washington street, where a stand will have been erected, at which tableaux will be presented, one by each school. They will be in the nature of Bible features—history, law, philosophy, morals, prophecy, etc.

At the meeting last night Mr. Herndon gave practical illustrations of these features by slides. They were in the way of suggestions for tableaux, mottoes, banners, etc., as well as the colors for the same.

After the exhibition of each tableau the Sunday School giving the same will sing an appropriate hymn.

Having received the annual overhauling, cleaning and painting which the Norfolk nad Washington Steamboat Company each spring gives its boats to put them in order for the heavy traffic of the spring and summer, the steamer Southland has returned from the Newport News shipyard and has taken her place on the Norfolk route. The steamer Newport News has taken the place of the steamer Northland on the route and the latter steamer is at the shipyard for her overhauling. About a week will be required to complete the work to be done to the vessel and she then will resume her place on the route, relieving the steamer Newport News.

The red spar buoy which was dragged by drift ice from its position in Georgetown channel above the Highway bridge to a point below the railroad bridge has been returned.

ALL-FOOL'S DAY.

Usual Stereotyped Jokes Played by Young Generation.

There was nothing startlingly original in the way of April Fool jokes today.

There were players—the same stereotyped ones that have existed for decades, and as has been the case since time immemorial, there was men and women and children foolish enough to be tricked by them. The weather has been rainy and gloomy throughout the day.

YOUNG WOMAN INJURED

Knocked Unconscious by Baseball on South Alfred Street Last Monday Afternoon

Miss Verna Bittle was seriously injured on Alfred street, between King and Prince, on Monday afternoon when a baseball hurled with force by a boy struck her squarely in the face. She was knocked down, and was unconscious when picked up and carried into a house. Dr. Gorman was summoned and upon making an investigation he found that the young woman's nose had been broken.

Protests against playing baseball in the streets of the city are chronic, and come from every section. Young men and boys often amuse themselves by throwing balls at each other with all the force they can send.

The police generally stop such procedures when they come under their notice, but it is impossible for them to be everywhere. The serious result of this dangerous pastime as recited above should cause parents to aid in breaking up ball-throwing in the streets, and see to it that their children engage in such games in places where no danger will result to passersby. In every neighborhood vacant lots or commons could be used as play grounds.

Should the practice continue arrests will surely follow and fines be imposed until the practice shall have ceased.

NEWS OF THE OLD DOMINION

TO STUDY TAX SYSTEMS.

Lewis H. Machen Begins Preliminary Work of His Office.

Richmond, Va., April 1.—While the newly appointed directer of the legislative reference bureau will not begin the active discharge of his duties before July 1, Lewis H. Machen has already begun preliminary work, especially with regard to collecting information as to the systems of taxation in vogue in the various states which information he is gathering for the benefit and convenience of the state tax commission, soon to be announced. In discussing his work, Mr. Machen said:

"I take it that the first information that the bureau will be called on to furnish will be in regard to tax laws and subjects properly coming before the extra session of the general assembly.

"As I now see it, it seems to me to be the first duty of the bureau to collect copies of the tax laws of all the states and compile and compare them, giving in available form a brief statement of the general systems of taxation in all of the states. There are of course, books on this subject, which are more or less up-to-date, but the bureau should be in a position to furnish the tax commission with actual copies of the present laws in all of the States, together with such information as is obtainable as to the workings of the various systems.

"As the department is a new one without precedent in Virginia,, it will, of course, take time to effect an organization and begin to gather and make available the information which it is desired that the bureau shall have at hand. I am not ready to announce more definite plans, as I hope to give some time to the study of similar bureaus in other states before assuming office"

PERMIT WORTH $75,000.

Plans For Presbyterian Publishing House Approved by Inspector.

Richmond, Va., April 1.—Plans for a $75,000 publishing house to be built by the Presbyterian Committee of Publication were approved by Building Inspector Butler yesterday afternoon.

The building, excavations for which are now under way, will stand on the west side of Sixth street, between Main and Franklin streets. It will be next to the Chamber of Commerce building, will be five stories high, and of brick steel and concrete construction throughout.

Architect Charles M. Robinson drew the plans. The contract has been awarded to John T. Wilson & Co.

LITTLE BOY DROWNS.

Series of Misfortunes Visits Home of C. J. Matherly, Near Danville.

Danville, Va., April 1.—A message has just been received here concerning the untimely death of the little son of Mr. and Mrs. C. J. Matherly of Pittsylvania county, the child having lost his life Saturday evening.

The boy, who was 2 years old, was attempting to follow his mother to a well when he fell down the house steps into a tub of water and drowned before his parents knew of the accident.

Two years ago another child was burned to death at the Matherly home and only two months ago the house occupied by the family was burned to the ground with all its contents.

N. AND W. REDUCES EXPENSES

Road Has Laid off 8,000 Men, Others May Follow.

Roanoke, Va., April 1.—President Johnson, of the Norfolk and Western, in a statement issued yesterday said that the policy of the road is to keep the expense within the revenues and that this had caused continuous retrenchments since July 1, 1913.

The gross earnings of this company have increased from July 1, 1913, to March 1, 1914, $440,000 as compared with the same period a year ago, while the net earnings from November 1 to date have decreased $1,211,000.

There have been suspended and relieved from service a total of 8,000 men in round numbers and still further reductions will be necessary unless business revives.

In spite of conditions, committees from the Brotherhood of Locomotive Engineers and Firemen were in conference with the general manager asking for increased wages and shorter hours.

CARPENTER KILLED.

Struck By Florida Special and Horribly Mangled.

Richmond, April 1.—While standing on the track of the Richmond Fredericksburg and Potomac Railway, between Elba Station and Grace street, just a few yards from the station. Onslaw B. Glazebrook, a carpenter, was struck by northbound passenger train, No. 86.—the Florida Special and instantly killed about 8:15 o'clock Monday morning. The man's head was almost completely severed from the body, which was dragged for about twenty feet, it was said by eyewitnesses.

It is not known whether Glazebrook was walking along the track in order to take a short cut toward Broad street, or whether he crawled through the iron fence which shuts in the track at that point. He was first noted on the track by men about Bennett's stables, who shouted to him when they saw his peril and who vainly endeavored to wave down the train.

The man paid no heed to their shouts and the train did not come to a stop until the man had been run down. He appeared to be dazed. He was caught by the pilot of the engine, knocked down and hurled beneath the wheels. Persons shouted to the engineer and others of the train crew. The train came to a stop about twenty yards from the point at which the man was struck.

The body was dragged from beneath the wheels, but life was extinct.

COURT-MARTIAL INDEFINITE.

Blues' Band Trial Postponed From April 3rd to More Convenient Time.

Richmond, Va., April 1.—Announcement was made yesterday at the office of the adjutant-general that the general court-martial ordered for April 3, at which time the members of the Blues' Band will be tried on the general charge of insubordination, has been indefinitely postponed.

General Sale said that Judge Advocate General A. S. Buford, who would conduct the case for the military department, had been ill, for several days with an attack of diphtheria, and for that reason the court could not sit at the time ordered.

General Sale said that while he could not decide at this time, he was under the impression that the case would be called during the last week in April, but this was conditioned on the complete recovery of Colonel Buford by that time.

WILL DOUBLE TRACK.

Southern Railway President So Says In Danville Speech.

Danville, Va., April 1.—A delegation composed of President Fairfax Harrison and other officers of the Richmond Division of the Southern Railway were recently in Danville. They were escorted over all the business section by acommittee of prominent citizens and banqueted at the Burton Hotel at night.

President Harrison addressed a large gathering at the Commercial Association, his subject being "What a Prosperous Railroad Can Do," his plea being for the restoration of former natural competition, instead of regulation as at present. In his speech Mr. Harrison stated that his company would complete the double tracking of the line between Washington and Atlanta, and assured his hearers that a better entrance to Danville, which would call for the construction of a concrete bridge over Dan River, sufficiently wide for a double track, was a certainty in the very near future.

T. P. A. OF AMERICA.

Norfolk, Va., April 1.—The annual meeting of Post B, Travelers' Protective Association of America, has just been held here at which officers were elected and plans made for the entertainment of the State convention of the association here May 8 and 9th.

At the conclusion of the business session $300 was raised by subscription toward bearing the expense of the State convention, and a committee was appointed to call on the board of trade and the Norfolk conventions Association and solicit their support in entertaining the convention.

SLEMP'S ANSWER TO SUIT.

Ninth District Congressman to Reply to Wife's Charge of Desertion.

Bristol, Va., April 1.—Judge E. M. Fulton, counsel for Congressman C. B. Slemp in the divorce suit filed against him last week by his wife, Mrs. Loberta Barton Slemp, is now preparing the answer of the defendant to the original bill, which was filed by Judge John W. Price and Captain J. F. Bullitt, alleging desertion as a ground for a divorce from bed and board.

It is said to be the intention of Mrs. Slemp to ask for alimony in a subequent proceeding, but in the present action she is asking for only a limited divorce.

Friends of the couple say that it is a case of tempermental incompatibility, with neither side to blame. The couple separated two years ago after the birth and death of their child at Asheville, N. C. Mrs. Slemp returned to Louisiana and has since made her home with her mother near New Orleans. She is a member of a wealthy and socially prominent family of Louisiana. It is said that she was unwilling to move to Virginia with her husband.

Congressman Slemp recently announced his intention not to be a candidate for re-election and has reiterated such an expression, but developments of the past few days indicate clearly, according to his close friends, that he will be compelled to accept the nomination at the hands of the Bristol convention, called to be held here in July.

URGES PROPER RETURNS.

State Auditor Directs Commissioners of Revenue Regarding Assesments.

Richmond, Va., April 1.—When the State Tax Commission begins its work here this summer it will have the books and papers submitted by the commissioners of the revenue for inspection and examination. The members of the commission will in this way get full and complete information regarding the valuations of the property of each man, the value of each class of property and a great deal of information which they would not get otherwise.

While Auditor Moore succeeded last year in getting the best assessment the State has ever seen, it is also a known fact that the grand juries and the examiners of records were forced to require supplemental statements from various persons. The commissioners last year appear to have opened their eyes and to have begun to see things which have long been hidden, the result being that values took a great leap forward. Auditor Moore is to appeal to the commissioners this year, to issue them a concise statement of the law and to impress them with the duty of making personal inspection and examination of the property in their districts.

A circular is in course of preparation for the benefit of the commissioners, and if they comply with the law and have any sort of regard for their oath of office they will make even a better showing this year. If not the grand juries will have to again review the work and create a lot of trouble for the commissioners by compelling their attendance at court

EPILEPTIC COLONY OPENED.

Patients From Counties Moved to State Home at Lynchburg.

Lynchburg, Va., April 1.—The transfer of 60 feeble-minded women and 25 epileptics from almshouse and other State hospitals to the State hospitals to the State epileptic colony here will be commenced this week. The feeble-minded women will be housed in the Mastin-Minor Building and the epileptics in the Strode-Massic Building. This will bring the total number in the colony up to 320.

The board has an appropriation of $8,500 available for the building of a chapel, school and amusement hall, and next year 27,000 will be available for a dormitory for feeble-minded men and boys. By 1920 it is expected the colony will have 1,000 inmates.

WILSON'S COURSE IS APPROVED.

A decided majority of the representatives of the people of the United States voted in the House last night in favor of the Simm's bill which affirms the action of the President in his course in placing the Panama Canal on an equal basis to home and foreign vessels. According to the concrete basis of our ideas of democratic government, this should be an end of the controversy so far as the House of Representatives is concerned.

There is no need of reproducing or referring to the arguments used by the opponents of President Wilson's policy. Those who were averse to eliminating the clause argued doubtless from honest convictions, but much was said irrelevant and extravagant pictures were painted which will soon fade under the glare of facts and when those who were the most vitriolic will doubtless revise their remarks.

The assertion of some newspapers in flaring head lines that the United States has relinquished control over the canal should cause smiles. The fact that Congress is legislating on the proper course to conduct the great high waterway is sufficient answer to this absurdity.

Speaker Clark's utterance—"This fight for the party platform may end my career, but I will leave a rich legacy of a good name"—will not go down in history as a brilliant scintillation of the Missouri statesmen.

Political platforms are as church creeds, not always infallible. The world is progressing, and we live in a day when it is ridiculous to suppose that we can be chained to anything; and the democratic party, like any other organization, will at times be called upon to meet present-day issues and emergencies. In bodies less important it is often necessary to suspend rules and precedents in order to accomplish some important purpose.

We are believers in Jeffersonian democracy, but to remain anchored to some doctrine which would have been feasible years ago and allow the great procession of modern progression to pass would be thoughtless to say the least.

Mark Twain in his "Innocents Abroad," tells of landing at Fayal, one of Azore Islands. He says, "The people of these islands show but little change in their manners and customs since they were first discovered. Tall and lank sanctimonious individuals still traverse the islands, crossing themselves and praying God to deliver them from the impious sin of desiring to know more than their grandfathers."

The above extract is applicable to many people in this world who remain wedded to certain notions [illegible]

their lives. "Wise men change their opinions; fools never," is another quaint way of expressing a well-known truth.

President Wilson has been a close student of international law and foreign relations during most of his life. He is as patriotic as any man born under the stars and stripes, and there is no danger of him bringing his country into any position to bring humiliation to any one.

Reference is made above to exclamations of his opponents while the tolls issue was pending. Some, indeed, smell of the lamp, as this: "America is about to be crucified upon the cross of St. George." This seems to be a plagiarism upon another utterance concerning a cross of gold, and is calculated to fall equally as flat.

50,000 COAL MINERS OUT.

With a Few Exceptions, Every Colliery in Ohio is Closed Down.

Cleveland, O., April 1.—With a few exceptions every coal mine in Ohio was closed down for an indefinite period at the close of work yesterday. Local coal operators estimate that 50,000 miners are thrown out of employment.

At the last session of the Ohio legislature a law was passed providing for the payment of miners on a run-of-the mine basis instead of the screen payment plan which has always prevailed in this State. This law is the cause of the shut-down, because, although it does not take effect until May 15, the operators refuse to renew contracts with the miners which expires tomorrow, until conditions resulting from the law become more settled. These conditions are as follows:

While the new law provides that Ohio operators shall pay the miners for all coal that they mine, competitive operators in Pennsylvania and Indiana, through the recent renewals of contracts at Chicago will continue to pay their men only for the coal that passes over a screen. Since the United Mines Workers are expected to demand that the Ohio operators shall pay on the same basis a ton as under the old agreement, the operators have agreed that their only course is to suspend business as, under such conditions, they could not hope to compete with Indiana and Pennsylvania miners.

Their hope is that the new law will be held unconstitutional or that it ultimately will be repealed.

The miners have signified their readiness to continue at work temporarily, but the operators rejected the plan. The miners have fought for an anti-screen law for the past thirty years.

GAS STOVE EXPLODES.

Woman Was Attempting to Put Bread in Oven at Her Home.

Suffolk, Va., Apirl 1.—While preparing the noon meal Monday at her home on Morgan street, Mrs. M. L. Mongan was badly burned about the face and neck by the explosion of a gas stove. Mrs. Mongan had lit the gas in the oven of her stove and stopped to put in her bread, when the explosion came, the flames burning her face, neck and singeing her hair and eyebrows. Dr. W. W. Murray was summoned and rendered first aid.

He does not believe the eyes seriously injured.

HOW TO TAKE GOOD CARE OF YOUR HAIR.

Nothing spoils your goo dlooks so much as homely hair—stringy, dull-colored, harsh. Nothing adds to good looks so much as beautiful hair—soft, silky, wavy and glossy. If your hair is homely and ugly now, Harmony Hair Beautifier will make it softer, silkier, glossier, more beautiful in every way, and easier to put up and "stay put." Washed off just as quickly, the entire operation takes only a few moments. Contains nothing that can harm the hair; leaves no harshness or stickiness.

Weak Lungs Often Lead to Serious Illness

If you have weak lungs, you are generally subject to colds or throat trouble and easily susceptible to serious Lung Trouble. In many cases pneumonia or bronchial troubles leave the lungs in a much weakened condition. Eckman's Alterative is a medicine for the throat and lungs which has been found to be very beneficial, even when a change of climate and other treatments failed to bring relief. Read of this case:—

231 S. Atlantic Ave., Haddonfield, N. J. "Gentlemen: In the fall of 1903, I contracted a very severe cold which settled on my lungs. At last I began to raise sputum, and my physician then told me I must go to California immediately. At this time I was advised to take Eckman's Alterative. I stayed at home and commenced taking it the last week in October. I began to improve, and the first week in January, 1904, I resumed my regular occupation, having gained 23 pounds, fully restored to health. This was seven years since my recovery has been effected, and I cannot praise Eckman's Alterative too highly.

(Signed) W. M. TATEM.

(Above abbreviated; more on request.)

Eckman's Alterative has been proven by many years' test to be most effectious for severe Throat and Lung Affections, Bronchitis, Bronchial Asthma, Stubborn Colds and in upbuilding the system. Tee Up! Smoke Up!

AS satisfying as the sounding smack of the perfect drive, is the open-air relish of the perfect smoke—Tuxedo. Both go together, too. When you grab your bag and start for the links, grab up your tin of Tuxedo and take it along.

"Follow through" the snappy afternoon with Tuxedo. Put Tuxedo in your pipe and you will *"put"* the best. And at "the nineteenth hole" rest up and relax with a good, solid smoke of Tuxedo. That's the advice of good golfers everywhere.

Tuxedo

The Perfect Tobacco for Pipe and Cigarette

It's worth *your* while to *try* Tuxedo. Especially if a sensitive tongue prevents pipe smoking.

Tuxedo positively *cannot bite*—not even if you smoke pipeful after pipeful, as many as you can crowd into a day or a week.

Tuxedo is made of only the finest, choicest, selected leaves of perfectly aged Burley tobacco. It is made by the original "Tuxedo Process" which removes *every trace* of *bite* and *sting* and develops *all* the wonderful mildness, fragrance and flavor of the Burley Leaf in a way that no other brand of tobacco has ever successfully imitated.

HELPLESS AS BABY

Down in Mind Unable to Worl and What Helped Her.

Summit Point, W. Va.—Mrs. Ann Belle Emery, of this place, says: "I suffered for 15 years with an awful pain my right side, caused from woman trouble, and doctored lots for it, but without success. I suffered so very much that I became down in mind, and as helpless as a baby. I was in the worst kind of shape. Was unable to do any work.

I began taking Cardui, the woman's tonic, and got relief from the very first dose. By the time I had taken 12 bottles, my health was completely restored. I am now 48 years years old, but feel as good as I did when only 16.

Cardui certainly saved me from losing my mind, and I feel it my duty to speak in its favor. I wish I had some power over poor, suffering women, and could make them know the good it would do them."

If you suffer from any of the ailments peculiar to women, it will certainly be worth your while to give Cardui a trial. It has been helping weak women for more than 50 years, and will help you too.

NEWS OF THE DAY

Figures from the primary election in Arkansas of last week show that Senator James P. Clarke has won in the United States Senatorial race over Judge William F. Kirby.

A Cairo dispatch to the London Central News says that James Gordon Bennett, proprietor of the New York Herald, after showing considerable improvement in his physicial condition, has become worse. The dispatch adds that physicians were in attendance on him throughout the night.

It has been just a month since the segregated vice district was closed in St. Louis by order of the board of police commissioners. Since then a wave of attacks on women has swept over the city. On Saturday night ten men drove off three escorts of Miss Catherine Gleason, who was walking in the fair grounds park and attacked her. One man was captured. The police have been unable to cope with the crime wave.

Twenty masked men early yesterday took Adolfo Padilla, charged with murdering his wife, from the Santa Fe county, N. M., jail to the nearest corner and stabbed him repeatedly. He probably will die. The party overpowered the jailer and, taking his keys, opened Padilla's cell and dragged him out. The mob quietly dispersed, leaving Padilla nearly dead in the street. Relatives of his wife found her dying at the home of her mother last Saturday. Her throat had been slashed with a razor and both wrists cut.

President Daniel Willard, chairman of the committee on Eastern railway presidents, petitioning for an advance in freight rates in official classification territory, was on the stand before the Interstate Commerce Commission in Washington practically all of yesterday. He declared that a crisis now confronts the railroads and that an increase in freight rates is essential to avoid it. President Willard went into the expenditures and receipts of the Baltimore and Ohio Railroad in particular and gave statistics to show that the net earnings of the road had decreased while operating expense had increased.

A mob of 100 masked men early yesterday at Wagoner, Okla., lynched Marie Scott, colored, by hanging her to a telephone cable. She stabbed to death Lemuel Peaco, a white man, Sunday night.

BOY SHOOTS SISTER.

Father's Shotgun is Accidentally Discharged and Mary Rapka Falls Dead at Back River.

Baltimore, Md., April 1.—Mary Josephine Rapka, the 8-year-old daughter of Thomas Rajka, a blacksmith, of Holly Neck, Back River, was killed shortly after noon yesterday by the accidental discharge of her father's shotgun.

It was said her brother Edward, 10 years old, threatened her playfully with the gun, and that it suddenly discharged sending the contents of one of the barrel into her neck and breast. Young Eddie said the gun slipped down to the floor as he entered the room, and in falling, was discharged, the load striking his sister.

Ordinarily the two children would have been at school with their sister Martha, but yesterday the mother allowed Mary and Eddie to stay home. The other sister, Martha, went to school, however, and received word at the schoolhouse about 10 minutes after the shooting.

The girl was killed while standing on the front porch of her home. The gun was in one of the rooms facing on the porch and the charge that killed her passed through the window pane. She fell from the porch to the ground bleeding profusely.

Rapka was at the forge when the shooting occurred and his wife was in the kitchen. Startled at the shot and the accompanying creams of the boy, they ran to the girl's aid.

Burnett Pettit, a neighbor, went to the girl's assistance, having heard the shot and fearing something was wrong, and he arranged for an immediate telephone message to Dr. J. W. Harrison of Back River. But the girl died in his arms even before a call of the physician was concluded.

FATE OF McCARRICK BOY.

Boy Accidentally Killed by Horse and Body Buried by Farmer.

Philadelphia, Pa., April 1.—Warren McCarrick, the 7-year-old boy, who had been missing since March 12, was kicked to death by a horse attached to a farm wagon which was standing near the boy's home, according to a letter received late yesterday by Robert Cameron, captain of detectives. The writer who has not revealed his identity nor the location of his farm, declares that the boy's hoop rolled under his horse, and that when the child tried to get it he was kicked in the head.

The farmer placed him in the wagon and started to drive to a hospital, according to the letter, but finding that the boy was dead became panic-stricken and took the body to his farm on the outskirts of this city and buried it. He states that he will reveal the spot where the body is buried if he is promised immunity.

Captain Cameron stated last night that this farmer would not be prosecuted if his story is substantiated. He has been negotiating with the writer for several days through newspaper advertisements as the result of letters received by the boy's father.

McCarrick is convinced that the mystery surrounding his son's disappearance is solved.

BRIDE COMMITS SUICIDE.

Becomes Despondent Because Husband Remained Out Late.

New York, April 1.—Mrs. Mabel S. Cooper, 21 years old, pretty, and a bride of only two weeks, after swallowing carbolic acid turned on three gas jets yesterday in the front room of her Amsterdam avenue home. Then she reclined on a rug, where she was found in a dying condition by her husband, who was choking and almost overcome by the fumes of gas.

Thomas S. Cooper, the husband, told the police his wife had been deeply worried because he remained out late one night, and Monday evening when he returned home he told her he had been compelled to work overtime, but that the extra money he received she could have.

This did not appease the young bride, according to Cooper, and she cried until she became ill. Cooper said he then went to bed. It was about 8 o'clock, and he left his wife in the sitting room.

Cooper was awakened yesterday by a strong odor of gas Missing his wife, he staggered into the front room and found her on the rug. She was still unconscious as he ran to the street, calling for help.

Policeman Schwartz summoned an ambulance, and called up the Consolidated Gas Company, and asked them to send the pulmoter, but despite the efforts of the physician, the policeman, and the husband, the girl died.

On a mantel in the front room was found a bottle half filled with carbolic acid. The girl's lips and face were partly burned, supposedly from this acid.

DENIED BY BRITISHER.

Shirley Benn, Member of Parliament Replies to Charge Made by Representative Knowlands.

London, April 1.—Shirley Benn, member of Parliament, dictated a reply to Representative Knowlands, the American Congressman who intimated before the House of Representatives at Washington, that there had been a "bargain" between Sir Edward Grey, the British foreign secretary, and President Wilson on the question of Panama Canal tolls. Mr. Benn said:,

"It is true that I saw the President in America. It is true that I was at the Mansion House peace centennial meeting, but it is not true that I said anything about the President pledging himself to carry the tolls repeal "to the satisfaction of Great Britain." I couldnt have said it, as I did not speak at the Mansion House meeting. The only public reference I have made to the matter was at another meeting, when I said I was sure President Wilson and Congress would do the right thing regarding canal tolls. I have no reason to take back, as I have implicit belief in the American people's sense of justice.

"Since Knowlands has stated that I am a friend of Carnegie, you may say that my acquaintance with Carnegie is slight, and that I never had any conversation with him regarding the canal tolls question."

TWO EXPLOSIONS KILL THREE.

Parkersburg, W. Va., April 1.—Two accidents in the Roane county oil fields yesterday snuffed out the lives of three men and caused several others to be injured.

While Clark McClain, a tool dresser, was thawing out nitroglycerine in the Hannack field preparing to shoot a well he dropped a water pipe upon two eight-quart cases of nitroglycedin. The explosion blew McClain's body to pieces, wounded Edward Merrill, a driller, who afterward died at the Spencer Hospital, and completely destroyed the engine house where the men were working. Bill Norris,a shooter who was standing some distance off, was struck on the head by flying debris and severely injured, but will recover. Three men sitting in a buggy a considerable distance away were stunned but not badly hurt.

About the same time in another section Oliver Norman was blown to pieces when a high pressure gas line exploded. Norman was driving a team of oxen and a chain dragging from his wagon caught upon the gas line. When he attempted to release it the oxen started, the line broke and the explosion followed.

Regulations and other employes of religious corporations and other organizations exempt from the payment of the income tax will not have their assessments withheld at the source. They will be held personally responsible for the tax. Regulations exempting these organizations from acting as withholding agents were issued yesterday at the office of the commissioner of internal revenue in Washington.
